ENSURING IMPLEMENTATION OF STANDARD OPERATING PROCEDURES (SOPs) & INSTRUCTIONS FOR CURBING THE MENACE OF DENGUE

Kindly refer to Secretary to Chief Minister Punjab letter No. PS/SCM/CMO/14/OT-47/37047 dated 02.09.2014 on the subject cited above.

2. Chief Minister has reiterated his earlier directions that all Administrative Secretaries are to personally ensure the strict implementation of Standard Operating Procedures (SOPs) and other such instructions issued from time to time for curbing the menace of dengue in true letter and spirit.

3. Environment Protection Department has been entrusted for the inspection of scrap/junk yards and godown for eradication of dengue larvae.

4. Dengue Squads of Environment Department have observed during the visits that junk yards of different Government Departments are being neglected by the concerned authorities and are major breeding sites of dengue larvae. As per SOPs, following important measures must be ensured:

- i. The Junk is kept under a proper covering or shed.
- ii. Premises are kept clean, ventilated, well-lit, well drained and Junk appropriately stacked.
- iii. The size of stacks should not obstruct inspection of Junkyard around the year.
- iv. As far as possible, Junkyard shall have pedestrian passages between stacks to facilitate inspection.
- v. All Junk is kept empty and turned upside down to prevent water retention;
- vi. Water from coverings and junk kept outdoor is drained immediately after rain;
- vii. All depressions in junkyard are filled to prevent water pooling;
- viii. Timely preventive measures are taken and where necessary and larviciding is carried out during mosquito breeding seasons; and
- ix. All junk is kept dried around the year.
- x. Grass should be properly maintained.

5. I am directed to request you to issue instructions to all concerned to ensure above mentioned measures in letter and spirit.
